GREETINGS FROM CIRCUITRON

A day to build, show and compete.

TechXpo 2.0 is our annual technology exhibition and competition, created to encourage innovation, practical learning and technical excellence among students across the region. Hosted at RVS College of Engineering and Technology, it brings talented minds and industry experts together for a day of workshops, demonstrations and contests.

2004
Year RVSCET was established

30 acres
Campus in Jamshedpur

About RVSCET

RVS College of Engineering and Technology, Jamshedpur, Jharkhand, was established in 2004 to provide high-quality technical education that contributes to society. Its 30-acre campus offers a calm and stimulating place for students to thrive, and the college is recognised by AICTE and JUT. Experienced faculty teach a comprehensive curriculum built around hands-on training and practical understanding.

About Circuitron CONNECTING TOMORROW

Circuitron is RVS College's IoT and Embedded Systems club. Through hands-on projects, workshops and competitions, members learn to work with microcontrollers, sensors and connected devices. Join us to build smart technology and collaborate with other tech enthusiasts.

Microcontrollers · Sensors · Connected devices

EVENT HIGHLIGHTS

Three arenas. One day.

01

Project Exhibition

Showcase innovative hardware and software projects.

02

Robo Race

Build a fast, controllable bot and race it to the finish line.

03

Robo War

May the best bot wreck.

WHO CAN PARTICIPATE

The exhibition runs in three groups

GROUP 1

Eklavya

Std. 8 to 10

EXHIBITION TOPIC

Any working model related to science and technology.

GROUP 2

Lakshya

Std. 11 & 12

EXHIBITION TOPIC

Real-time working model related to science and engineering.

GROUP 3

Arjuna

Undergraduate & Diploma

EXHIBITION TOPIC

Real-life problem-solving working model related to engineering and technology.

Teams of 2 to 4. Inter-college and inter-school teams are welcome. Solo entries are not allowed.

Created: Ankit_327

GRAND PRIZE POOL

₹1,00,000

Cash prizes and participation certificates

FREE registration

Project Exhibition

Eklavya	Std. 8–10
1st	₹5,000
2nd	₹3,000
3rd	₹2,000

Lakshya	Std. 11 & 12
1st	₹10,000
2nd	₹6,000
3rd	₹4,000

Arjuna	UG & Diploma
1st	₹12,000
2nd	₹7,000
3rd	₹5,000

Robo War

Pool ₹10,000

1st	2nd	3rd
₹5,000	₹3,000	₹2,000

Each prize: cash + trophy

Robo Race

Pool ₹10,000

1st	2nd	3rd
₹5,000	₹3,000	₹2,000

Each prize: cash + trophy

Every participant gets

- Verified certificates
- Exclusive swag
- Free tool credits
- Hiring pool access

Participation certificates for all valid registrations

BEFORE YOU REGISTER

Guidelines & rules

Your team

01 2 to 4 members per team. Solo participation is not allowed.

02 Inter-college and inter-school teams are welcome.

03 Every team needs a unique name and a team leader.

04 All team members must be registered before the deadline.

Bring on the day

ID proof
Your college ID card and a valid Aadhaar card.

Consent form
Signed by your institution. Get it from the QR below.

Your own kit
Laptop, software and tools for the exhibition.

Fair play

- Show respect towards competitors, judges and staff. Unsportsmanlike behaviour will not be tolerated.
- Tampering with or damaging another team's equipment leads to disqualification.
- Personal belongings (laptops, phones, etc.) are your own responsibility.

Judges' and coordinators' decisions are final and binding.

SOME GLIMPSES OF TECHXPO

On the floor

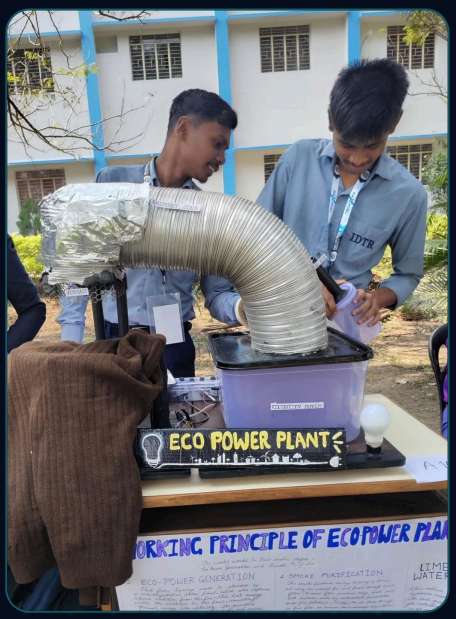

Working models, live demos and a packed Robo Race track.

Robo Race

SOME GLIMPSES OF TECHXPO

Winners' moments

Trophies and prize cheques across all three groups.

Winner · Arjuna ₹12,000

Winner · Lakshya ₹10,000

Runner-up · Lakshya ₹6,000

Winner · Eklavya ₹5,000

Second runner-up · Arjuna ₹5,000

Second runner-up · Lakshya ₹4,000
